FRAUDULENT CERTIFICATES

CHINESE MINISTER DEFENDS HIS COUNTRY.

Takes Issue With Representative Denby on Question of Responsibility—Replies in Letter to Committee.

Washington, April 16.—Sir Chen Tung Liang, Chinese minister, has taken issue with Representative Denby of Michigan, on the question of responsibility for the issuance of fraudulent certificates of admission to the United States. Denby stated to the house committee on foreign affairs during hearings on the Foster bill amending the exclusion act, that the fact that so many of these certificates were found to be fraudulent was pretty fair evidence of fraud of Chinese officials. To this charge the Chinese minister has replied in a letter, which has been made part of the record in these hearings.

During the three years he has been in charge of the legation here, the minister says, he has a record of every certificate issued in the provinces of Kwangtung or Fukien, to Chinese subjects departing for the United States, Philippines or Hawaii; that the emigration from all other provinces is insignificant and the 627 certificates represents the total number issued. However, he says, figures of immigration for these three years show total applicants for admission bearing certificates 5,000. "The number bearing certificates from the Chinese government is, he says, but 8 per cent of the total seeking admission."

"Where did the 92 per cent get their certificates?" he asked, and then proceeds to answer the question by stating that under the regulation of the immigration service, officials in various countries, particularly the islands in the Pacific, are permitted to issue these certificates. The minister then said: "None of these officials have been authorized by the Chinese government to issue the required certificates and none are subject to control of the Chinese government. When Denby says China is a most flagrant guilty party in this matter does he mean that the countries are parts of the Chinese empire, and therefore officials of these countries are Chinese officials?" He gives Denby credit for having a better knowledge of geography than that. Continuing he says: "I consider the intimation of Denby that for the vigilance of immigration officers there would have been traffic in bringing in illegal Chinese which would have enriched thousands of officials, and our country would have been overrun with them, as if there had been no exclusion law," as an emanation from fertile imagination rather than a trustworthy judgment founded on cold facts.

Denby in an interview to night said his statements were based on facts and fair inferences and every assertion can be easily proved. He says: "The minister's statement is painfully, though I hope unintentionally, misleading. Records of the bureau of immigration show conclusively that during the period referred to 835 applicants bearing certificates issued in China by Chinese officials presented themselves at various ports in the United States. Will the minister admit 388 certificates not reported to him were fraudulent? He becomes the best witness in proof of my assertion. The minister also says there were 5,500 admissions and rejections at San Francisco during the three years and asks when others got their certificates.

"It is possible his excellency does not know most of these persons did not have or require any certificates from China or other foreign government. There were persons who were, or claimed to be, native born Americans, or other citizens, returning laborers, returning merchants, merchants' wives, merchants' children, etc. Applicants with section 6 certificates numbered only 1,245 and these are the only ones with whom this statement deals as they were the only ones who had certificates issued by foreign governments. Of these 1,245 certificates 885 were issued in China and the balance by officials in other countries. Receptions were 277 in all, of whom 246 bore certificates issued in China by Chinese officials. More than 88 per cent of all rejected certificates were therefore issued by Chinese officials. "I do not believe there is any man in congress more friendly to the Chinese nor more eagerly anxious to see relations on a permanently friendly basis. This cannot be brought about, however, by the United States supinely and needlessly assuming all blame for any causes of irritation that may exist. As far as I am concerned I have not the slightest feeling. I have not taken personal offense."

DECLARED INSOLVENT.

Chicago, April 16.—Judge Belton, of the United States district court to day ordered the Cash Buyers Union First National Co-operative society be declared insolvent and assets sold. The company, which became embarrassed several months ago, has many stockholders in different parts of the country, and Judge Belton declared the sale of assets was the best method of protecting them.

SNUB FOR GORKY

Chicago Society Aroused by Threatened Invasion of Russian.

Chicago, April 16.—Nothing has so stirred Chicago society as the threatened invasion of Chicago by Maxim Gorky, Russian socialist, revolutionist and novelist.

Disclosures that the man who is coming here to raise \$100,000 for the revolutionary cause is accompanied by an actress posing as his wife, while his wife and children are in distant Russia, has raised the question as to what reception shall be accorded him upon his arrival.

Chicago women are almost a unit in saying that he must be repulsed and that recognition on the part of local society leaders might be construed as condoning the defiance of martial conventionalities Gorky and his consort are charged with.

Socialists, however, are rallying to the support of their idol, whose conduct they hold violates no principle of their philosophy, however much it may be in conflict with the usages of society and American ideals.

Despite the efforts of socialists to condone Gorky's offense, it has become apparent that Chicago practically resolved to give the distinguished guest the cold shoulder when he arrives, because of his open defiance of a cardinal principle of conventional life. Preparations for his reception have come to a standstill.

GAVE REVELATION

Independence, Mo., Joseph Smith, president of the Reorganized Church of Latter Day Saints, to day gave conference of church revelation which appoints his son, Frederick Smith, his successor in event of his death. Smith was not present but was near the temple lot in meditation while his people heard his revelation read. Smith soon afterward entered the church followed by his son. The young man stood with downcast eyes while the members of the conference gazed upon him approvingly.

It is believed work on the sanatorium to be established here will be commenced at once.

SNAKES ARE PLENTY

Alton, Ill., April 16.—Residents of Calhoun county, Ill., have found a new diversion to entertain travelers in the form of snake shooting. Since the Illinois river flooded the low lands it has driven from their homes rattlesnakes, black snakes, water moccasins and bit snakes, and the reptiles have taken lodging in trees. Between Campsville and Eldred, the routes of the old stage coach, is now covered by a man in a skiff, who carries a rifle with which his passengers are allowed to shoot the snakes from the boat. The snakes are found coiled up in the branches of the trees sunning themselves and founded on cold facts.

CASE POSTPONED

waiting for the water to go down.

Chicago, April 16.—For the fifth time the case of John R. Walsh, former president of the Chicago National bank, charged with making a false report of the bank to the government, was this morning postponed by United States Commissioner Foote until May 2.

United States Attorney Morrison said the investigation of Walsh's books will require six weeks and no hearing will be held until it is completed. This means two more continuances, which will make a record of nine continuances.

JEFFERSON DINNER

New York, April 16.—Former Attorney General Harmon, Cincinnati; United States Senator Gearin, of Oregon, and President Woodrow Wilson, Princeton university, and Mayor McClellan were among the speakers to night at the Jefferson dinner of the Democratic club of New York.

Former President Grover Cleveland and Senator John T. Morgan of Alabama, sent letters of regret. Speeches were corporations and their regulation.

FIGHT WITH OFFICERS.

St. Mary, N. C., April 16.—As a result of Walter Penn, a negro, resisting and other negroes overpowering and disarming Deputy Sheriff Belton and Officer John Samuels, George Long, a negro is dead and the local military company was ordered to the scene of what was almost a riot to day. The dead negro was shot by one of his race in an attempt to shoot the officers. The negroes escaped, but citizens are searching for them.

BILLIARD CONTEST.

New York, April 16.—Louis Cure, of Paris, defeated Jacob Schaffer, of Chicago, in the thirteenth game of the world's 15.2 championship tournament to night, 500 to 350. Albert G. Cutler, of Boston, defeated Ora Morningstar in the afternoon, 500 to 450.

ATTACKED BY LADRONES.

Manila, April 16.—The headquarters of Philippine constabulary at Maolos, Island of Luzon, was attacked several days ago by Ladrones. Three native members of the constabulary, and one Ladrone were killed.

MOB LEADERS UNDER ARREST

TWO IN JAIL AND TWO UNDER BOND

Accused of Being Leader of Mob That Broke Into Jail and Lynched Three Negroes at Springfield Mo.

Springfield, Mo., April 16.—Four men are now under arrest here charged with being the leaders in the mob that broke into the jail Saturday night and lynched three negroes. Two of the alleged mob leaders are in jail and two have been released on bond.

Charles Caninefax and Oney Cady were first arrested. Caninefax has been a pool room proprietor, but is at present employed in the St. Louis & San Francisco railroad yards. Cady is a switchman for the same road. Both have been released on bond. Dan Crane, son of D. D. Crane, a well known saddlery merchant, was the third arrest. Crane moves in the best of society here. Out Haul, the fourth man arrested, is a police court character. Crane and Haul are still in jail. Caninefax went to Sheriff Hiner to day and inquired how much damage had been done by the mob on the sheriff's property. Caninefax was informed it would amount to \$1,000. He then said a collection would be taken up to repair the loss, but his offer was flatly refused by Sheriff Hiner.

The grand jury will meet to morrow morning especially to indict those who were in the mob of lynchings. Up to noon to day men who had been in the mob made no secret of it. They stood upon the street corners and joked each other about it, but when word came that Governor Folk had offered \$500 reward for the conviction of any member of the mob and when Rescue Patterson, prosecuting attorney, declared openly he intended to work for the arrest and conviction of every man concerned in the lynching there was uneasiness. At noon it became known twenty-five warrants charging murder in the first degree were in the hands of the sheriff. After the arrest the lynchings became alarmed and left the streets. Before dark the square was deserted and to night it is absolutely quiet. Around the jail are camped 200 soldiers with guards at every point so that none can get near the jail. No one expects the mob or any further trouble as long as the militia stay.

Rush Lake, assistant attorney general, will be here to morrow as the governor's representative and his advice, and that of Dearmond, adjutant general, in this matter will probably be followed by the governor. Dearmond is camped with the militia in the jail yard.

When Caninefax was arrested to day it was discovered he was a special police officer sworn in yesterday to help keep peace here. He had a revolver in his pocket. It is expected the grand jury will indict at least fifty and perhaps 100 men. Not a man in the mob made any attempt at concealment. The names of the leaders and of those who led the negroes by ropes through the streets and who lynched them afterward are known.

ANOTHER KILLING.

A negro, name unknown, was shot and killed shortly after 10 o'clock to night in the east part of the city by Ralph Burns, a white man. The latter was escorting a lady to her home when they were held up by two negroes. The white man drew a pistol and fired at the negroes who fled, as he supposed. He ran after them not knowing he had hit one of them and stumbled over the dead body of the man he had shot. The other negro escaped.

Ralph Burns, who killed the negro, is but 16 years old. The negroes accosted him at the gate of the young lady's home and one fired two shots at him, but neither took effect. Burns immediately fired four shots at the negroes, killing one and the other escaped. Burns went to the police station and gave himself up, but was released without bond.

News of the killing of another negro spread like wild fire and hundreds of people hastened to the public square. The militia prevented any outbreak and after a time dispersed the crowds. People disposed to sympathize with negroes are incensed at this latest negro assault. A squad of militia guard the home of the young lady whom Burns was escorting when attacked.

TABLED RESOLUTION.

St. Louis, April 16.—At the convention of Commercial clubs to day a resolution was introduced deploring the lynchings at Springfield and approving the governor's efforts to apprehend the rioters. It was tabled by an almost unanimous vote. B. B. Paddock, of Ft. Worth, Texas, who made the motion tabling the resolution, said: "The people of Springfield did just exactly right. They ought to do more like it. They can't make the fire too hot to suit me. This Springfield matter is purely a local question. The Commercial convention has nothing to do with it. We came here to benefit the southwest with discussions, resolutions and ideas. Not for political gain or to further ends of any one politician. I do not ordinarily

favor mob law, but I tell you that when ever they lay hand on a woman burn them."

COST OF THE WHITE HOUSE.
Many people believe that the \$50,000 a year which the president gets as a salary is the sum total of his official income. It is a mistake.

This is how he is paid: \$50,000 is given him in addition to his salary of \$50,000 to pay the salaries of his subordinates and clerks. His private secretary is paid \$3,250, his assistant private secretary \$2,250, his stenographer \$1,800, five messengers (each) \$1,200, a steward \$1,800, two doorkeepers (each) \$1,200, four other clerks at good salaries, ranging from \$1,500 to \$2,500; one telegraph operator, two ushers, \$1,200 and \$1,000; a night usher, \$1,200; a watchman, \$9,000, and a man who takes care of the fires who receives \$864 a year.

In addition there is given to him \$5,000 for incidental expenses, such as stationery, carpets and the care of the presidential stables. And under another heading there is given him nearly \$100,000 more. Of this \$12,500 is for repairs and refurbishing the white house, \$2,500 is for fuel, \$1,000 is for the green house, \$15,000 is for gas, matches and the stable. The white house all told costs the country in connection with the president considerably over \$125,000 a year.

KILLED IN RIOT

Three Men Shot Dead in Fight With Deputies in Pennsylvania Mining Town.

Johnstown, Pa., April 16.—In a riot at the Windber mines near here to night three foreigners were shot dead by deputies, a boy fatally wounded and Eugene Delaney, a mining engineer, taken to the hospital seriously hurt. The riot was the result of an attempt on the part of the striking miners to rescue some of their comrades who had been placed under arrest. A state of terror prevails. Sheriff Deley has been summoned and an appeal has been made to Governor Pennypacker for troops.

Bodies are lying in the street to night where they fell, the strikers refusing to allow the undertakers to remove them. The foreign element had been celebrating Easter Monday and much liquor was used. The streets were thronged all day with noisy groups, and no sign of trouble appeared until to night. A body of strikers were assembled in front of Windber jail discussing the mass meeting that had been held during the afternoon, the discussion soon grew into argument and soon there was a free for all fight. Deputies from the coal mines made their appearance and a number of arrests were made. All those arrested were union men and their colleagues set a cry that they were being discriminated against and were imposed upon.

The arrested men were marched to the lock-up door, but the mob attempted to take the men from the officers. Forced back from the jail the mob growing more violent every minute, threatened the deputies until the officers fired. The mob hesitated, apparently not expecting the deputies to resort to firearms. When the smoke cleared and the victims of the shots were viewed by the crowd there were cries of anger and soon the miners that were armed returned the shots of the deputies. The firing ceased almost as soon as it began, however, and the crowd left the vicinity of the jail.

MINERS WORKING.

Pittsburg, April 16.—Chairman Francis L. Robbins of the Pittsburg Coal company announced to night all the Hocking Valley, Ohio, mines, excepting those of the Sunday Creek company, had started to work this morning, operators and miners having concluded and signed interstate and district wage scales. The mines in operation represent an annual production of 3,750,000 tons of Hocking Valley coal, half the entire Hocking output, and employ 6,500 men.

"BIG NINE" COLLEGES.

Chicago, April 16.—The managing committee of the "Big Nine" colleges which is in charge of the athletic meeting to be held here June 2, decided the meeting be open to students of all colleges that adopt the rules of the "Big Nine" colleges.

TRESPASS NOTICES.

Wilkes-Barre, Pa., April 16.—Special officers in the employ of the Delaware & Hudson Coal company are busy to day posting trespass notices upon their property. It is stated to night the company intends to operate at least one of their mines as soon as the official notice is sent out to do so.

BANK FAILURE.

Shreveport, La., April 16.—Suspension of the Merchants and Farmers bank for liquidation was announced to day. Its assets amount to \$387,125, and liabilities, \$513,325.

MAKE DOWIE PROPOSITION

VOLIVA WILLING TO SUBMIT TO ARBITRATION

Question of Control of Zion City—In Case of Disagreement Voliva Wants to Appoint Third Member of Board.

Chicago, April 16.—General Overseer Voliva and his followers have thrown down the gauntlet to John Alexander Dowie. They speak through the mouthpiece of their attorney and declare a willingness to submit the question of control of Zion City affairs to a board of arbitration, each side to select half of the members. In case of disagreement Voliva is to name an old member of the board. Both parties are to abide by the board's decision. No answer to this has been made by Dowie and should he refuse the proposition the Voliva faction declare all negotiations will be off and the matter fought out in the court. Dowie's attorney to night declared: "Dowie will never consent as to sacrifice of the ecclesiastical power attendant to Zion City."

Voliva's representative said they are willing to concede Dowie has indisputable right to 5 per cent of the property, but that to be vested with that he must sign an agreement relinquishing all claim to everything else. Dowie's attorneys are making an effort to prevent circulation through the mails of the last issue of the Leaves of Healing, the official paper of Zion, and have telegraphed an appeal to Postmaster General Cortelyou.

INSURANCE PROBE

Revelations Made by Secretary of Northwestern Mutual.

Milwaukee, April 16.—In the insurance investigation this afternoon Secretary Skinner of the Northwestern Mutual was on the stand. His testimony was a revelation as to the practical banking business done by the officers and employees of the company for officers and trustees of the company and their relatives in the way of making loans for them on policies. It developed that more than \$250,000 is out in private loans upon Northwestern policies for either officers of the company or their relatives, some of the heaviest holders' loans being Vice President George C. Markham, who holds \$87,000; Attorney Loveland, \$36,000; Mrs. Skinner, wife of the secretary, \$18,000. All business connection with these loans has practically been transacted in the company's office, and all at the expense of policy holders. Skinner explained this attention by company employees to private loans by saying he thought they were a benefit to policy holders and that therefore he thought it proper company employees take charge of the business.

Another interesting matter developed to day was the fact that in sending out notices for payment of premiums on risks which the company considers poor, a square was marked on the notice. This square was a signal to the agent not to be lenient in regard to premium, but refuse to accept it if it was not paid at time it was due. According to Skinner, these squares were placed only on notices where it was found the person holding policy was a victim of intemperance.

A Line of Light For 184 Miles.

Splendid as the illumination of Bangun was, nothing in all the Prince of Wales' tour approached the magnificent conception which was carried out by the railway authorities. Both sides of the line to Mandalay were decorated with a string of lamps burning in transparent petal-like cups of tinted paper. Between every other pair a native stood with a great double torch, and this illumination was continued along the line without intermission until daylight shone upon the royal train. The distance thus covered by the double line was 184 miles, and it may be added, to show the enormous preparation involved, that each Burman stood twenty yards only from his neighbor.—London Mail.

CARTER HANDICAP.

Ten Thousand Dollar Race Won by Roseben—Was the Favorite.

New York, April 16.—Roseben, a popular favorite, carrying the top weight, 120 pounds, to day won the Carter handicap, seven furlongs, the feature of the opening day at Aqueduct. The finish was fought out in a hard duel between Roseben and Southern Cross, an outsider. The favorite gamely responded to the mastery role of Jockey Lachet and won by a head. A long gap of daylight separated the first two horses from the eleven other starters in the race. Coming out of the rack at the sixteenth pole Red Knight ran into third place, barely nipping the short end of the purse from Whimsicle, second choice in the betting. The Carter handicap, 10,000, seven furlongs: Roseben 11 to 1, won; Southern Cross 10 to 1, second; Red Knight 20 to 1, third. Time 1:23 2-5.

MEMPHIS RACES.

Memphis, April 16.—The spring meeting at Montgomery park opened to day under most favorable auspices. The feature event on the card was the Montgomery handicap, the first big race of the year in the west, \$500 added, won by Broom-handle, 15 to 1 in the betting, after a burst of speed through the stretch. Lady Navarre in a driving dish with Rapid Water, got place by head. Distance, mile and a sixteenth; time, 1:19.

NARROW ESCAPE

Evansville, Ind., April 16.—Over four hundred excursionists on the big side-wheel steamer Louisiana had a narrow escape from drowning about 8 o'clock last night nine miles above this city.

The Louisiana was on her first excursion of the season, and most of the passengers were women and children. On the return trip she struck a log about 75 yards from the bank and a large hole was knocked in the boat's hull. A dance was in progress in the cabin. Some one cried: "The boat is sinking."

Immediately there was a rush for the decks, but they were quickly closed by the officers and no one was allowed to leave the cabin. Women screamed and begged to be allowed to leave the cabin, but Captain Morgan and his men were firm and finally quieted the panic. The engine reversed the engine and the boat, with full steam ahead, headed toward shore. When she reached the bank she sank in several feet of water on a large mass of willows, and the gang-plank was quickly lowered and all the passengers landed safely. The boat will probably be a total loss.

RAILROAD NEWS NOTES

Conductor Schmidt, on Wabash passenger No. 22 and 23, has in his possession a train order which he received at Decatur Sept. 3, 1886, while running a train on the Effingham branch between Effingham and Bement. The order bears the signature of E. H. Gurdick, superintendent, and the initials of G. H. W. as operator who received the message. The message reads as follows: "Run from Shumway to Moccasin crossing and return provided regular train." At that time Samuel Walker, who is car inspector in this city now, was inspector on that division.

Supt. Ryder and Trainmaster Benis, of the Alton, were in the city Monday looking after company business.

The Illinois College Glee club has returned from the spring tour, and report a very successful season. Their first concert was at Arzenville last Monday night, where they appeared at the opera house. Tuesday evening they sang under the auspices of the Y. P. S. C. E. of the Congregational church at Beardstown, and were entertained at the homes of the members. At Vermont they appeared in the opera house Wednesday evening as the last attraction on a lecture course. Thursday night was spent at Ipaue at the opera house, under the auspices of the Presbyterian church, and at Havana Saturday evening they had the largest crowd of the season. Here they appeared at the high school building under the auspices of the senior class.

The club numbered fifteen, with Prof. Haberkorn and James Babb as soloists. A home concert is being arranged for in the near future.

TECHNICAL DISCUSSION

IN SENATE ON RAILROAD RATE BILL.

Started by Heyburn Advocating His Court Review Amendment—"Suspension Day" in House—Other News.

Washington, April 16.—A speech on the railroad rate bill by Heyburn, of Idaho, in advocacy of his court review amendment, led to more than two hours of technical debate in the senate to day. The Indian appropriation bill was taken up for committee amendments, but not completed and consideration of this measure will be resumed to morrow. Tillman, of South Carolina, at the opening of the session, offered a resolution providing for an inquiry committee on finance of contributions by national banks to campaign committees.

HOUSE.

This was "suspension day" in the house and a number of important measures were passed, notable among them being a bill permitting the withdrawal from bond, tax free, of domestic alcohol when rendered unfit for beverage or liquid medicinal uses by mixture with suitable denaturing materials; bill amending the national trade mark law and bill forbidding importation and carriage in interstate commerce of falsely stamped articles of gold, etc. The bill passed included one to extend the time when coastwise shipping laws shall go into effect and another to increase the limit of loans by national banks by allowing national banks to loan 10 per cent of their capital and 10 per cent of their surplus to any person, firm or corporation.

SUPREME COURT.

For the first time in twenty-nine years the supreme court of the United States to day called the docket of original cases with the end in view of eliminating some of them if possible.

In the case of Iowa vs. Illinois, boundary controversy, Representative Lacey, of Iowa, announced that stipulation looking to settlement had been signed by the attorney general of two states.

The Missouri-Nebraska case was practically settled by announcement by the chief justice that the court would issue an order for taking it off the docket. The report of the commissioners made in conformity with error of court was filed by Representative Hinchaw of Nebraska.

In the case United States vs. Atlantic, involving the Sault Ste. Marie canal, the prospect for settlement was announced and case continued.

The case of South Dakota vs. North Carolina, involving bonds of the latter, was dismissed.

CAPITAL NOTES.

The movement for a Democratic conference to discuss the railroad rate bill situation has taken more definite form and Senator Blackburn, acting chairman of the caucus, said to night a conference will probably be held this week.

EASTER SERVICES.

Were Observed in Nearly All Churches—Floral Offerings Many and Beautiful—Special Musical Programs.

EASTER AT TRINITY.

There were three Easter services at Trinity church, the early celebration of the holy communion at six o'clock, full choral communion at 11 and a special sermon to Knights Templar at 4 o'clock. Beautiful music, rich and artistic floral decorations, large congregations and offerings made the day memorable in the history of Trinity church. The flowers were in charge of Mrs. William Mitchell, president of the Daughters of the King, and after the services were concluded the floral gifts were taken to Passavant hospital, where many patient sufferers were made happy.

An interesting feature of the morning service was the presentation of the "Clifford Sawyer Memorial Honor Badge" to the choir boys of the parish. It is a gold Maltese cross with pendant of purple ribbon, made and given by Clifford's father, and awarded to the cross-bearer, Master Frank DeSilva, for merit.

Rev. Mr. Mitchell's morning subject was "The Risen Christ and Thomas."

SERMON TO KNIGHTS TEMPLAR. At the 4 o'clock service to the members of Hospitalier Commandery Knights Templar attended in a body and listened to an able discourse. The sermon was based upon "Christ the Victor," and the text was:

"The last enemy that shall be destroyed is death." 1st Corinthians, XX, 26th verse. There is but one subject for our minds to contemplate on this glorious Easter day and that is Christ the Victor, the Conqueror, majestic, absolute, great and divine. It is life and love and light to which we turn. It is of the enrichment of life by Christianity that I wish to speak, the wonderful way in which the risen Christ brings enrichment and a wealth of interpretation to our ordinary human experience.

Human life may be considered from so many different view points. There are so many ways in which life reveals its significance.

Life in its beginnings, in birth and infancy, in early childhood seems to be a song. It is ushered into this world amid song. Motherhood sings the song of life over the cradle of the babe. The angels sang when the Christ child was born and they have ever since been singing at the beginnings of human life. Again as youth comes on with its splendid visions and nobler dreams, its mighty impulses, and rich possibilities life seems like a dream, full of clarity, power and attraction. To the young man beginning his career, to the young woman, life is a splendid dream.

As the years go by, as we come in contact with the hard world, as we enter the school of experience, as we come to the breakup of our hopes and dreams, this strange, mysterious thing which we call life seems like a puzzle, an enigma. As the mind works, the heart works, too and we see so much mystery, so much that we cannot understand, much that is wrong, much that is "out of joint," problems press in upon us and seem incapable of solution, we are groping in the dark and we must needs be led by others. Life is more than a puzzle. There is such a thing as light. Christianity means light. The Christian religion begins with the knowledge of God. The Masonic fraternity is based on this principle of religion and light. The Knights Templar organization is distinctly Christian. Life as you men see it is enriched and ennobled by the power of the risen Christ. Life is more than a song, more than a dream, more than a puzzle. Life is essentially a battle, a struggle, a conflict. There are enemies for us to fight. Ignorance with its darkness, its prejudice and superstition is man's enemy, education, enlightenment, the knowledge of God, the essence of Christianity, the Christ life, death, burial and resurrection, the very truths of the Apostles' creed—these are the forces with which you are to fight. Sin in all of its various manifestations is another enemy for you to fight. To resist temptation, to be pure, manly, brave, truthful, chivalrous—here is your conflict.

Indefatigable, unbelief, the sneer of the scoffers, the spirit of denial, you are, Sir Knights, sworn to defend this faith. The most beautiful part of this service was the moment when with your plumed hats on your head, your swords drawn, you stood facing the cross and repeated the Apostles' creed, like valiant defenders of the faith. Indefatigable is an enemy, to be met and conquered only by a loyal faith, a positive devotion to the crucified and risen Christ.

Sickness, pain, suffering, disease, these things which bring such havoc and torture, such tears and torment we look upon as foes and enemies. We hate them. We fight against them both for ourselves and our loved ones. Christ, the Great Physician, fought against them and drove away disease.

But the last enemy of all is death. No matter how we look at it death is horrible. We hate it for its pain, its loss, its cruelty, the desolation it brings, the separations, the loneliness, the break up of our homes and the taking away of our loved ones.

Human life is a conflict, a fight, a battle, and the enemies of the human race, ignorance, sin, infidelity, sickness and death the conqueror Christ has forever destroyed. He is on this glorious Easter day in the very thick of the fight. He has won for us the battle. He has gained the victory.

CHURCH OF OUR SAVIOR

Easter Sunday was celebrated at the Church of Our Savior with an

elaborate musical program and special services.

The altars were beautifully decorated with flowers and lights and the church was thronged with worshippers. High mass was celebrated by Father Formaz, who also preached the sermon, which was a gifted effort and appealed very strongly to his hearers. The hymn "Alleluia," with which the services commenced was sung by the sanctuary choir which consists of forty boys.

The Kyrie-Eliason, Gloria in Excelsis Deo and Credo from Gounod's Messe Solennelle. St. Cecilia, were rendered by the full choir as also were the Sanctus and Agnus Dei from Le Prevost mass. At the offertory Haece Dies by Haberele was sung in a most splendid manner. The Sequence was chanted by the sanctuary choir and was rendered in a most excellent manner.

The members of the choir are as follows: Sopranos, Agnes Devlin, Bernadine Hopper, Minnie Keating, Mamie McBride and Mrs. DeArrilliga; altos, Elizabeth Strasser, Nellie Keating and Katie Donovan; tenor, Robert McBride; basses, Albert Strasser and Moses Topping; organist and choir-master, Prof. DeArrilliga. It was a splendid program conscientiously rendered and reflects great credit upon all concerned.

The sisters who had charge of the altar decorations also came in for some very flattering comments.

BAPTIST CHURCH. The services both morning and evening at the First Baptist church Sunday were well attended. There was special music by a double quartet at the morning service and at the evening service a chorus choir rendered some specially selected numbers.

Rev. T. H. Marsh chose for the theme at the morning service that of the "Resurrection" and delivered an argumentative sermon on the actual facts bearing out the truth of the resurrection.

In the evening the pastor spoke upon "Holiness" to a large congregation.

WESTMINSTER CHURCH.

The Easter spirit was in evidence very strongly at Westminster church Sunday. The church edifice was very beautifully decorated, and at the morning service the pastor preached from the first verse of the twelfth chapter of Romans, "I beseech ye, therefore, brethren, by the mercies of God that ye present your bodies a living sacrifice, holy, acceptable unto God which is your reasonable service." In the evening the choir presented "The Resurrection," by Mammy. Large audiences were present at both services.

JORDAN STREET CHURCH.

At Jordan Street Presbyterian church a quartet furnished special music and the auditorium was beautifully decorated. The pastor preached in the morning upon "A Resurrection Fact and an Easter Longing," taking as his text the last clause of the fourth verse of the sixth chapter of Romans: "That like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life," and in the evening his text was from Luke xiv:26.

CONGREGATIONAL CHURCH.

Services appropriate to Easter were held at the Congregational church Sunday and the altar was made very attractive by the employment of large numbers of floral emblems. The music was excellent and in keeping with the Easter season. Mrs. H. C. Dummer assisted in this feature of the service and her sweet voice was heard again by her many friends in Jacksonville with sincere pleasure. Dr. Post preached an able sermon.

At the evening service an audience of very large proportions was present and Dr. Post gave a description of the performance of the "Passion Play" which he witnessed at Oberammergau in 1900. Unusual opportunities had been enjoyed by the speaker when the presentation was witnessed and his graphic and entertaining manner of portrayal made the service one of deep enjoyment and profit.

SALEM LUTHERAN CHURCH.

The services at the Salem Lutheran church Sunday were of an unusual character.

"IN A BAD WAY"

Many a Jacksonville Reader will Feel Grateful for This Information.

When your back gives out; Becomes lame, weak or aching; When urinary troubles set in; Your kidneys are "in a bad way." Doan's Kidney Pills will cure you. Here is local evidence to prove it: John Fenton, employed with Arthur Jordan, poultry and produce business on North Main street, says: "I was taken with an attack of acute pain through my back and kidneys. I could not stoop, and in fact, became so bad that I could not work, or hardly move around. Mr. F. A. Kaulo, the engineer at the Davis, Snyder & Co's ice plant, next door to us, advised me to try Doan's Kidney Pills and I procured a box at Dr. H. Leo Hatch's drug store. The results obtained were simply magical. In a short time my back was strengthened, the pain disappeared and I was as well as ever."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no other.

A special program was given for Easter at Centenary church, with a musical program in the morning. The evening sermon was on "A Touch of Power." There was a large attendance at each service.

STATE STREET CHURCH.

A program of Easter music was given morning and evening at State Street church, and the pastor preached at both services.

The Riggsdon Sunday school held their Easter exercises Sunday evening which were attended by a large number and the program given was rendered in faultless style. In the collection for foreign missions \$18.10 was raised.

GRACE CHURCH.

Easter Sunday was a red letter day for Grace Methodist church. The date, April 15, was unusual. The decorations of the church, consisting of Easter lilies and palms, and under the direction of Miss Mary Thompson and Mrs. C. C. Capps were very effectively arranged about the church.

The Sunday school at 9:30 was largely devoted to a rehearsal for the evening service which awakened great interest in the entire school. The public service began at 10:15 a. m., the large audience filling nearly every seat in the auditorium. The music in all its parts was suited to the day, the selections being of the highest character, and each was rendered in the most pleasing and impressive manner. It consisted of the following:

Organ solo—Marche Religieuse. Gilmann.

Carol—Easter Larks are Singing. Brown.

Misses Shuff, Kreider and Huckleby and Mrs. Duncan.

Anthem—The Lord is Risen. Lynes.

Mrs. Bateman and chorus.

Offertoire—Song Without Words. Spinnay.

Solo—Hosanna. Granger.

Miss Kreider and chorus.

Organ Solo—Hallelujah chorus from "The Messiah." Handel.

The regular choir was assisted by Misses Huntly, Siddell, Elgin, Serlinger, Conley, Mithelland, Bowman and McNaughton and Mrs. Herbert Capps.

The sermon was delivered by the pastor, Rev. H. H. Omsel, D. D., from Rev. I. S. I am He that live, and was dead, and behold, I am alive forevermore. The sermon abounded in new and great thoughts and illustrations eloquently and impressively delivered. It was said by a number to be the greatest sermon delivered by Dr. Omsel in Grace church.

At 7:30 the Sunday School Easter Missionary service was held in the auditorium every seat being filled by the large audience. The exercises were in charge of the superintendent, Mr. James W. Breckon.

The singing, under the leadership of Mr. Thomas Curtis, was greatly enjoyed.

Some novel and pleasing features were presented in the program, due to the force and efficient supervision of Mrs. Omsel.

Much credit is also due to the devoted superintendent and his faithful corps of assistants and teachers, and to the members of the school that co-operated with them so willingly, and performed their parts so creditably. The amount collected by the classes in the two preceding weeks was presented, making the sum of \$65.25. A public collection was taken, which increased the amount to \$70.00.

At the morning service two persons united with the church, making 80 accessions during the conference year beginning with October last. The Easter day of 1906 will long be remembered by Grace Methodist church.

GRACE CHAPEL.

The Sunday school of Grace chapel had very interesting exercises Sunday in keeping with the occasion. The program was a long one and included many members of the school and all on the list did well.

CROUP QUICKLY CURED.

A few doses of Chamberlain's Cough Remedy will bring surprising results when a child shows symptoms of croup. There is no cause for alarm when this medicine is in the house as it rarely takes more than three or four doses to bring about a complete cure. It has never failed even in the most severe and dangerous cases, and no home where there are small children can afford to be without it. For sale by all leading druggists.

KEOKUK DEFEATED

Locals Won From Iowans In Sunday's Contest—Livingston Made Sensational Catch—Men Played Well.

At the baseball game between Keokuk and Jacksonville Sunday at Keokuk, the score resulted 5 to 2 in favor of Jacksonville. The game was witnessed by a fair sized crowd and the weather being good, the boys played ball as if they had played together all their lives. In the game Hughes led the hitting, having three to his credit. In the game nine hits were made. The first four innings were pitched by Allen and the Keokuk boys failed to meet the ball at all. The last five innings being pitched by Connaughton, who allowed the opposing team three hits from his delivery. Livingston at center again showed his ball playing qualities by making a long run one-handed catch. Belt done the catching. Belt said last night he expected to take the boys to Springfield Thursday for a game with the Springfield league team. On Saturday and Sunday Keokuk will play in this city.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barron Tells How Mrs. Pinkham's Advice Helps Working Girls.

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the cold toils, and she often the bread winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment perform the duties exacted of her—suffer and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent walking of the feet, period become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby E. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pain in back, and periods were irregular. I had been to several doctors, and they did me no good.

Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right.

I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer.

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her long record of success in treating women's ills makes her letters of advice of untold value to every ailing working girl. Address, Mrs. Pinkham, Lynn, Mass.

Suggestions to Purchasers Of Refrigerators.

In buying a refrigerator, keep the following points in view, every one of which is a prominent feature of every one sold by us.

The preservation of perishable food is the first and most vital point. To obtain this end requires a low temperature and absolutely dry air. These conditions can only be attained by a perfect circulation of air in the refrigerator.

The second vital point in a refrigerator is an economical use of ice. The economical use of ice is of the greatest importance. A good refrigerator will last a lifetime, and how many times its first cost must be expended in ice during that time, and what a saving can be made by having a refrigerator which is an ice saver and not an ice waster. To attain this end the refrigerator must be well made of kiln dried lumber. It must have in addition a lining of non-conducting mineral wool sheathing, which is airtight and odorless. It must be provided with a drip pipe and trap, so as to exclude the outside air from the ice and allow the drip from the melting ice free exit.

We have received our new line of refrigerators and have them ranging in price from \$8 up to \$40.

First Life Insurance Organized in Jacksonville

The National Life Annuity company of Jacksonville will issue its first policies to day. The management appreciate the interest taken here in Jacksonville. The solicitors of the company will deliver policies here for a few days and will then take up the work in this and other counties. The directors propose to build up here a safe and strong company and ask the cordial co-operation of the people of this county in making it a permanent and creditable institution for our city.

Since soliciting began about a month ago over \$3,000,000 of insurance has been written in Central Illinois. Agencies will at once be established in every county of the state and all will be thoroughly organized and worked.

There is a strong probability that other towns will hereafter reciprocate by sending some of their insurance premiums to Jacksonville instead of all going out.

The vice president and manager of agency work is Frederick D. Rugg, of Champaign, a graduate of the University of Illinois and in close touch with the insurance department of the university. Mr. Rugg is an insurance man of long experience and will remove to Jacksonville at an early date.

Mr. Wm. S. Phillips, so long and favorably known here will move to Jacksonville in the fall to act as secretary of the company.

Mr. Bradish will move to the city about May 1, and be the treasurer. He formerly lived and attended school here and has many friends and relatives who welcome him back. His connection with the state insurance department as well as that of Mr. F. H. Rowe, who will be the president of the company, assures successful management.

Dr. L. H. Clampt, who has spent his whole life here and been active in educational, professional and social lines will serve as medical director and give strength to that important part of the work.

Offices are being fitted up over the Farrell bank building and will be occupied about May 1.

Wanted—Copy of Daily Journal of December 1, 1905. Will pay 25 cents.

NOTICE.
Local freight for our local freight south, must be at the C. B. & Q. freight office not later than 8 o'clock a. m. in order to go south at 9 a. m. Freight received after this time will be held over until next day.

DEATH RECORD

CLAYTON.

Mrs. Mollie Clayton, wife of George Clayton, died Sunday evening at 7 o'clock at her home near Woodson, after a lingering illness. She leaves to mourn her loss her husband and eight children; one brother, William Spreen; three sisters, Mrs. Minnie Ludwig, Mrs. Wm. Graubner and Miss Minnie Spreen, and an aged father, Henry Spreen.

The funeral will be held at the residence Wednesday morning at 9 o'clock.

FUNERALS

STRAWN.

The funeral of Ralph Strawn was conducted from the residence of his parents on South East street Monday afternoon at 2 o'clock in the presence of a large gathering of grief stricken relatives and friends. The impressive services were in charge of Rev. R. F. Thrapp, and appropriate musical selections were sung by a quartet composed of Miss Marie Finney, Mrs. Joy Green, Frank Plouer and Guy B. Williamson.

Great masses of beautiful floral tributes were sent by loving friends and were under the care of Miss Alice Plouer, Mrs. Jennie Hickey, Mrs. J. T. Little and Miss Ella Minter.

At the conclusion of the services at the residence the remains were taken to Diamond Grove cemetery, where they were tenderly consigned to the earth. The bearers were Henry, Harry, John and Charles Strawn.

KNOX.

The funeral of Mary Bell Knox was conducted from the residence of A. N. Mulligan on East Lafayette avenue Sunday afternoon at 2:30 o'clock, in charge of Rev. Henry Gauders of Antioch church. The flowers were cared for by Misses Lulu Mulligan and Lillie Gaines, and were very numerous and beautiful. The remains were interred in Jacksonville cemetery, the bearers being four young ladies, Misses Edna Swank, Nellie Douglas, Dora Douglas and Anna Smith.

SUDDEN DEATH OF THOMAS DOYLE

STUCK BY DERRICK BOOM WHILE WORKING AT CAR SHOPS.

Resident of City Many Years—Formerly Track Foreman For Street Railway—Leaves Large Family.

Thomas Doyle an employee of the C. P. & St. L. railway at the local shops was instantly killed while at his work Monday afternoon, by being struck with the boom of a derrick being used to turn cars off their trucks to be destroyed. The accident happened in the north end of the car yards, and was witnessed by several of the men who were working in the derrick gang. The failure of the hook with which the hitch was made to the car to let go at the proper time was responsible for the accident.

Mr. Doyle was working on the derrick car as usual, and just prior to the fatal accident had let out the cable. James Miller, whose duty it is to make the hitch, looked to the car above and saw that Doyle was out of the way, then shouted "all right" to the engineer, Lewis Magill. The engine was started, the car tipped from its trucks and turned over but the hook caught on something and held. Doyle evidently failing to notice that the hook still held, stepped forward from his place of safety behind the mask of the derrick, into such a position that the derrick boom, started violently around by its sudden release from the great weight of the car by the letting loose of the hook, and caught the unfortunate man across the groin just above the hips, inflicting terrible internal injuries and fracturing the spine.

Other workmen of the gang saw what was about to take place, and shouted to Doyle, but too late. Magill had the engine stopped before the man was struck, but the impetus of the swinging boom was so great that it struck with terrific force. Doyle was removed to the office of Superintendent Rositter, but life was extinct before the office was reached. Immediately after he was struck he uttered the words, "Boys, I'm killed," which were his last. Dr. Black, the company physician, was called and made an examination of the injuries.

Coroner J. H. Spencer was called and arrived on the 5:35 train. He went at once to McDowell's undertaking parlors, where the following jury was convened at 6 o'clock: J. H. McDowell, foreman; Barney Hayes, James Summers, R. Landreth, W. B. Hayes and A. E. Fell, clerk. The witnesses examined were John Doyle, brother of the deceased, William Magill, foreman of the car department at the shops, Lewis Magill, engineer of the derrick car, Charles Craft, John Cowgill, Irvine DeLess, James Miller and Alfred Souza, members of the derrick gang, and Dr. Carl E. Black. The verdict of the jury was in accordance with the facts, that death was due to "being struck with a derrick boom while employed at the C. P. & St. L. shops."

Mr. Doyle was a well known character in this city. He was born in Ireland fifty-five years ago and came to this country when 20 years of age, arriving in this city in 1871. He had lived here almost continually ever since, and for a great part of the time was in the employ of the C. P. & St. L. He first worked on the roads when it was under the Hook management, and then worked for many years under the Hooks on the street railway as foreman of the track gang. When the McKinley syndicate acquired the local properties he again went to the C. P. & St. L. where he had since been employed.

Mr. Doyle was a man of provident habits and acquired considerable real estate in the vicinity of his home at 718 North East street. He leaves his wife and eight children; a brother, John, of this city; two sisters in Ireland, and two sisters in the Argentine Republic.

Build a home out of concrete blocks, and have the most modern, hygienic and healthful home for all times. Buy them from the Jacksonville Sand and Cement Brick Co. W. H. Cocking, Manager.

HILDRETH CASE WAS DISMISSED

April Term of County Court Convened Monday—Docket is Light—People vs. J. A. Cook Charged With Malicious Mischief, Case on Trial.

Judge Charles A. Barnes convened the April term of the Morgan county court Monday morning at 10 o'clock. When the Hildreth civil service case was reached States Attorney Van Winkle made a motion for dismissal and entry on the docket alongside the now famous case reads: "Case dismissed and defendant discharged."

At the afternoon session the court was occupied with the case of the people vs. James A. Cook, charged with malicious mischief. The case involves a dispute over a boundary line between property owned by the defendant and Jeremiah Sweeney. States Attorney Van Winkle and W. N. Hargrove are representing the people and Judge M. T. Layman and Robert Tilton are the attorneys for the defendant. Four witnesses were examined Saturday afternoon as follows: C. W. Brown, Philip Hengeman, Jeremiah Sweeney and L. H. Whitlock.

PEOPLE'S CASES.

People vs. Andrew Whitlock; petit larceny. Case continued with order for alias writ.

People vs. James A. Cook; malicious mischief. Motion by defendant to quash indictment. Defendant waives arraignment and pleads not guilty and parties ready for trial. Jury called and trial entered upon.

People vs. Matthew L. Hildreth; violation of civil service law. Information dismissed by people and defendant discharged.

People vs. William Rogers; bastardy. Cause continued.

People vs. John Kennedy; assault and battery. Cause continued by agreement.

DOROTHY DEANE.

A good sized audience greeted the performance at the opera house last night to witness the performances of the Deanes and the members of their troupe. The first part consisted of the cabinet mysteries which always evoke wonder and amazement. The operator is firmly bound, the curtain closed and then bells ring and various performances go on and the suddenly drawn curtain shows the operator bound as before. The harp playing of Harry J. Chalmers was indeed a delight. The gentleman showed entire mastery of the difficult instrument and in the "Toby City" especially pleased all who heard him. The McNutt twin sisters in songs and dancing were veritable elves and were recalled until they could go no longer and the audience had to be contented with smiles and

SANITARY SEWER NOTICE TO CONTRACTORS.

Jacksonville, Ill., April 10, 1906.

Sealed proposals will be received by the board of county commissioners of Morgan county, Illinois, up to 2 o'clock p. m. of April 21, 1906 and not thereafter, at the commissioners' room in the Morgan county court house. Said proposals will then and there be publicly opened.

Plans and specifications are on file in the office of Charles W. Brown, at room 8, Opera House block, Jacksonville, Illinois.

Approximately the work will consist of furnishing the labor and cement for laying 420 feet of 10 inch pipe, 2,000 feet of 8 inch pipe and 800 feet of six inch pipe, constructing a concrete abutment at the outfall and one manhole, with the necessary tees, Ys and bends, etc.

Each proposal must be accompanied by a certified check on a responsible bank, payable to the order of the county treasurer for a sum equal to ten per cent of the entire bid.

The contractor will be paid by cash on completion and acceptance of his work.

The successful bidder will be required to furnish an approved bond in the sum of Fifteen Hundred (\$1500) Dollars for the performance of his contract. The board of commissioners reserves the right to reject any or all bids or to award the contract to the bidder whom they deem the lowest and best bidder.

Carlin C. Berryman, James C. McFillan, George Dietrick, Board of County Commissioners, C. W. Brown, Engineer.

Certainty of Cure! Is What You Want. Let Dr. Coen Cure You

Treat with the doctor who has a reputation for curing his patients.

Examination, Consultation, and advice FREE and strictly confidential. Be Examined and know Your true Condition.

DR. C. M. COEN.

ARE YOU SICK AND WEAK?
ARE YOU SUFFERING PAIN?
HAVE YOU ANY CHRONIC OR LINGERING COMPLAINT?

Whoever you are, be you man or woman, you should at least let Dr. Coen explain to you his new system of curing disease. You owe this duty to yourself and no matter what disappointments you have had in the past you will be pleased with his method.

See the many pleased patients that he is treating. See the testimonials he has from dozens of patients he has cured. Let him show you the road to Perfect Health. He is curing cases which have tried many other doctors without benefit. It will cost you nothing for a careful examination and opinion in regard to your case. Dr. Coen has made a specialty of Catarrh and all Catarrhal Diseases.

Catarrh is the most common disease known to man. Nine out of ten people have Catarrh in some form or other. It is most common in the nose, throat, it often attacks the ear, the throat, the bronchial tubes, the stomach or the bowels.

There is, when Catarrh is present, an altered condition of the mucous structure, and a change in the nerve elements controlling the mucous membrane and their structure. The blood becomes poor and the general system becomes involved.

Have You Symptoms of Catarrh?	Catarrh of the Bronchial Tubes.
Catarrh of Head and Throat	Then Consumption
The head and throat become diseased from neglected colds, causing Catarrh. When the condition of the blood predisposes to this disease.	Have you a cough?
Is the voice husky?	Are you losing flesh?
Do you spit up slime?	Have you a pain in side?
Do you blow out scabs?	Do you take cold easily?
Is there pain across the eyes?	Is your appetite variable?
Is your sense of smell leaving?	Have you stitches in side?
Do you hawk to clear the throat?	Do you cough until you gag?
Are you losing your sense of taste?	Are you low spirited at times?
Does the nose stop up toward night?	Do you raise frothy matter?
	Do you spit up yellow matter?
	Do you cough on going to bed?
	Do you cough in the mornings?
	Is your cough short and hacking?
	Do you spit up little cheesy lumps?
	Have you pain behind the breast-bone?
	Do you feel you are growing weaker?
	Do you have to sit up at night to get breath?

Nature's Warning.

Catarrh may continue for years with only the symptoms of spitting, hawking, or expelling lumps of mucus, either yellow, or white, or gray. As Catarrh advances there is the general nerve depression which follows as the natural result of the excessive secretion of mucous or slime.

Catarrh of the Stomach	Catarrh of the Bowels
When Catarrh manifests itself in this form the patient suffers with various forms of dyspepsia or indigestion. The unfortunate sufferer frequently finds many of the symptoms directed toward his heart, and suffers from palpitation of that organ. This is the leading symptom in many cases of stomach trouble, and is probably one of the most frequent causes of mistakes made by physicians who treat symptoms and who do not find out the cause and treat the disease.	is a condition similar to Catarrh of the stomach, but is more aggravated in form. The tired feeling, sense of depression, and all symptoms are worse than in Catarrh of the stomach. Loss of weight occurs frequently, the muscles become weak and flabby, and the sufferer is often led to believe that he has consumption. A DISEASE OF THE SYSTEM.
A good digestion and a strong, healthy stomach are indispensable to health, happiness and comfort. If you suffer from any form of stomach trouble you should not delay or temporize with your condition. These conditions are serious, and are often the cause of diseases of the liver, kidneys, bowels and nervous ailments.	Catarrh, of whatever form or character, depletes the nerve force and breaks down the living cells or protoplasm. It produces a poisonous secretion of mucous nature, which is more or less absorbed by the system, saturating the nerves and tissues and poisoning the healthy mucous membrane. No form of treatment will, within itself, cure Catarrh, because it is not a local disease; it is a systematic disease with local symptoms.

Dr. Coen Cures Catarrh in all Its Different Stages.

There is absolutely no question about it, persons afflicted with Catarrh in any form are taking needless chances by permitting it to go uncured. Damp, cold and changeable weather materially affects all who have Catarrh. Bad weather encourages Asthma, Bronchitis, Rheumatism, Pneumonia and Consumption to develop in persons who have Catarrh. Dr. Coen strongly advises all who have Catarrh to take some treatment without delay. Delays are dangerous. It may be simple Catarrh to day, which could be cured in a short time by Dr. Coen's treatment, but if neglected may unexpectedly terminate in consumption.

Consultation and Examination Free.

If you have a lingering disease or a weakness from any cause it will pay you to have a talk with Dr. Coen about your case. He can at least give you valuable advice without cost.

He positively cures all curable diseases of the Eyes, Ears, Nose, Throat, Lungs, Stomach, Liver, Kidneys, Nerves, Heart, Brain, Blood and Skin. As Catarrh of any part of the body. Bronchitis, Asthma, Consumption (in early stages), Deafness (some cases), Gout, Dyspepsia, Constipation, Piles, chronic and severe, Rheumatism, Scrofula, Ulcers, Eczema, Pimples, Epileptic Fits, Paralysis, early, Neuralgia, Sciatica, Lumbago, Headache, Dizziness, Brain and Nervous Exhaustion and Spinal Irritation, Cancer cured without the use of a knife.

In Society.

Dr. and Mrs. Joseph R. Harker gave an "At Home" on Monday evening, the occasion being the annual Easter reception given for the students of the Woman's college. Each student was privileged to invite a friend and in consequence the function was largely attended.

In the receiving line were Dr. and Mrs. Harker, Miss M. C. Weaver and Miss Ruby Neville and they were assisted by the other members of the faculty.

The good cheer and hospitality so characteristic of the social life of this school was extended the visitors last night and the function was with a most pleasant occasion.

The halls presented a very neat appearance in an appropriate Easter decoration of palms and Easter lilies. In the chapel was a frappe bowl while more elaborate refreshments were served in the society halls.

STUBBORN COUGHS.

A cough which lingers on long after every other symptom of a cold has disappeared should have attention as it indicates some throat or lung trouble and may result seriously. Mr. Alexander McMillan, of Maple Ridge, Mich., recommends Chamberlain's Cough Remedy for this trouble. He says: "I used this remedy for a stubborn cough with the best results and I think there is nothing like it. I cannot speak too highly of it." For sale by all leading druggists.

WORK NEARING COMPLETION ON

Government Building—Description of Interior Arrangement—"Look Outs" for Secret Service Men—Vestibule Will Be Attractive.

Another month will see the government building practically completed. A large force of men are now at work on the interior, the finishing touches are being put to the granite work on the outside, the roof will soon be repainted, and then the structure will be ready for the final touches which will give beauty and character to the whole.

By far the most ornamental and attractive part of the whole postoffice building will be the most public—the vestibule. This will be finished in natural oak, with slightly clouded light marble around the base. The floor will be covered with dark Vermont marble, slightly mottled, with mosaic panels. The trimmings, such as door hinges, push plates, locks and such things will be of polished bronze. The postmaster's office and the internal revenue collector's office will be finished the same as the vestibule, and the work rooms will be in natural yellow pine. Samples of all the materials to be used in the building are in possession of Mr. Appleyard, the government superintendent, and create quite a display in his office. Everything used in the building must comply absolutely to these samples.

"LOOK OUTS."

One of the most interesting features of the building are the "look outs" for the use of secret service men. There is a room over each of the two vaults, one on the east and one on the west. The east room is reached by an iron ladder running from basement to garret, to which there are three entrances, one on each floor, while a similar ladder reaches the room on the west, running from the first floor to the garret, there being one opening to the ladder on each of the two floors. These rooms are for the use of the secret service men only, and measure 13x16 feet and 10 feet 5 inches by 6 feet respectively.

The necessity of such lookouts is an unfortunate comment on the weakness of humanity. And the fact that they are necessary was exemplified only last week by the detection of two thieves in the Chicago postoffice. The mode of procedure is simple. As soon as an irregularity is suspected, the secret service branch of the postoffice department is notified, and a man is sent to the city where wanted. He secures the necessary keys for admittance to the building from the custodian, who in this city will be the postmaster, and makes his way to the secret room without the knowledge of those at work in the office. From each room a view of the entire office, with the exception of the portion immediately beneath, can be had, and any crooked work is thus easily detected.

The lock boxes for use in the local office have arrived, but have not yet been unpacked. There are 210 of the ordinary size, fifty-six large and twenty-eight extra large. They are very handsomely finished in polished bronze.
